

Camberwell Grove cyclist volumes

1 November 2007

Figures collated by Mark Charmer and Joseph Simpson, The Movement Design Bureau

www.movementdesign.org

A photoset to illustrate this study can be found at XXXX

Time (15 mins to...)	Cyclists down hill	Cumulative	Cyclists up hill	Cumulative	Motorbikes down	Motorbikes up
07:30						
07:45	12	12	3	3		
08:00	8	20	2	5		
08:30	42	62	3	8		
08:45	27	89	4	12		
09:00	17	106	6	18		
09:15	23	129	5	23		
09:30	10	139	1	24		
09:45	3	142	1	25		
10:00	5	147	0	25		
10:15	3	150	0	25		
10:30	2	152	0	25		
11:00	3	155	2	27		
Total (3.5 hr morning)	155	155	27	27	29	9

Figures are the number of cyclists who passed 142 Camberwell Grove (75 yards south of the currently closed railway bridge).

Cyclists who joined Camberwell Grove at Grove Lane to travel south, and those joining at McNeil Road to travel north were not monitored, though numbers were seen to be significant and should in future be measured. Cyclists leaving Camberwell Grove via the alleyway between 142 and 144 (towards Champion Hill / Denmark Hill) are included in the numbers above.

Camberwell Grove morning cyclist volumes – Thursday 1 November 2007
